A draft agenda with the toll-free telephone number and password information is also attached below. Other documents for the meeting will be sent separately to members of the Council and others who request them.

The Wisconsin Council on Physical Disabilities was created by the state legislature in 1989. Its mission, established by state statute 46.29 is to:

- develop a state plan for services to people with physical disabilities;
- request reports from state agencies regarding programs, funding, clients or services to people with physical disabilities;
- advise state agencies on legislation, funding, programs, policies and operations with respect to people with physical disabilities;
- encourage public understanding of the needs and issues concerning people with physical disabilities;
- FaceTime consider all questions and matters brought to the Council concerning people with physical disabilities; and
- submit an annual report to the state legislature with recommendations on legislation.

The Council envisions a world where all persons with physical disabilities have access to the same life choices and opportunities as any other Wisconsin citizen.

The Council is administratively attached to the Department of Health Services. If you need an interpreter, alternate formats, or other accommodations to participate, please contact Lisa Sobczyk, Independent Living Quality Specialist, with the Bureau of Aging and Disability Resources via email or at the telephone number listed below, as soon as possible.

Thank you for your interest and support.
